

Sorry we **MISSED YOU** ►►►

Victoria

VMILLER@ASPLUNDH.COM

To maintain safe and reliable power, we're trimming trees in your neighborhood

Trees are a major cause of power outages. Over the next few weeks, our crews will be in your area trimming limbs that have grown too close to power lines.

Traffic may slow down while we're working, but we'll do our best to be quick and efficient.

Please contact us:

*While working on ~~the~~ powerlines along your driveway
the road will be blocked. Please call or Email me
with your name, number, and address if you would
like to be notified when crews are in the area.*
